Re: Revised Quality Assurance Project Plan and Sampling and Analysis Plan, Quil Ceda Village Treated Effluent Infiltration System Inventory and Assessment for Rule Authorization

Dear Mr. Cutler:

Enclosed please find the Quality Assurance Project Plan (QAPP) and the Sampling and Analysis Plan (SAP) for the above-referenced project. Please sign the documents and return them to us, and we will then distribute copies to all parties.

The two plans have been revised to address the concerns of Gina Grepo-Grove, EPA, as listed in a memorandum from her to you dated December 4, 2002. The memorandum was transmitted to me in an undated letter from Tim Hamlin, EPA, received December 20, 2002

We appreciate the time EPA has spent working with The Tulalip Tribes on this project.

Very truly yours,

PARAMETRIX, INC.

Michael T. Ollivant, P.E.
Project Manager
